

Monkey Town

Monkey Business

I am talking about love

Do you like my money
or do you like my sound?
Will you love me baby
or do you run around?

Hurry
I am so tired
Honey
I want to treat you right
Leaving for the Monkey Town
So I can lose my frown

I am talking about love
I am talking about you and I

Sorry
I have to leave you
I want to say I am sorry
But I will heed the call despite
I am taking all the chances
Hairy
I have to leave tonight
Are you ready?
There is no other way

I am talking about love
I am talking about you and I
