

It's hard to be alone
And that is true
The village waits for you
Village waits for you
Waiting for the few
Real pros
To chase the rats away
Chase the rats away
Men who know how to score
Together now
They always shoot to kill
Always shoot to kill
Let's find out who's the best
In danger zone
He will stay alive
He will stay alive

Solidarnosc
Dzienkuje bardzo
Solidarnosc
Bardzo dzienkuje
Byc moze

You like to be alone
Just hit the road
Leave your friends behind
Leave your friends behind
To saddle up the horse
And ride away
Right on track
To saddle up the horse
But you must turn around
And face the heat
And feel the pain
You must turn around
One man who bites the dust
He came for gold
As he was told
What would be his take

Waiting for the Seven
