

Time For The Payback

Monkey Business

Pay back
Time for the payback

Being broke is not funny
Time has come to get your money
Kick the hippy
We are not dippy
Wanna sit in shadow sipping

Bubbles from the crystal glasses
Making muzak for the masses
Watching as the sun is setting
That is what we should be getting

Little babbies are expensive
and the families are looking pensive
Taxes going to the maxes
How we gonna get the Lexus?

We want fiscal adoration
from a big old corporation
Economic immunity
All the coins are in the kitty

Buy a condo in Aruba
Put our rages on the pages

Sixty pages of the rider
Whisky cognac vodka cider
Goat cheese from the Himalaya
Now we see who is the player

Limos that go skinny dipping
In the back we're busy ripping
Velvet off the ass of telly
sucking lovely Stoli jelly
With some stupid explanation
given to the tabloid nation
Take it never stop
