

Study Butte

Mono Inc.

I came to see this light again
a light that burns like flames
I came to see resistance
and streets that have no names
bring me up to study butte
where the final path begins
bring me up to study butte
let me leave here in the wind

I'm back to see those hills again
those nameless shades of red
I came to see inviolacy
and peace I won't forget
bring me up to study butte
where my final path begins
bring me up to study butte
let me leave here in the wind
