

The Condemned

Mono Inc.

This ain't the time
the time to rest
this ain't the time
to be depressed
my dear

This is the fate
it's in your hands
this is the day
you'll understand
my dear

What it's like out here

Come join the ride
come join the journey
come join the condemned
We're on that trip to nowhere

Come join the pride
come join the lost ones
come join the undead
We're on that trip to nowhere

This ain't the time
to be unsure
this is the night
to grab the cure
my dear

This is the way
it's not the end
this is the day
you won't forget
my dear

What it's like out here

Come join the ride
come join the journey
come join the condemned
We're on that trip to nowhere

Come join the pride
come join the lost ones
come join the undead
We're on that trip to nowhere
