

## Soulless

### Moonlight Agony

It's the outcome of vile seduction  
There's a shadow that looms over me  
So desire has sealed my future  
I'm Mephisto's slave

Consuming me  
And it burns inside  
And insanity feels this way

In a world where wisdom is power  
I'm constantly searching for more  
In my efforts to reach perfection  
I have sold my soul

Insanity, burns in me  
Pay the price you offered  
Soulless

The inferno of the underworld  
Dominions where darkness rules  
The million minions of Beelzebub  
Consuming me from within

Now my spirit is doomed to submission  
By a covenant that's signed with my blood  
Sold out for earthly pleasures  
In the end enslaved

Insanity feels this way  
Soulless

The inferno of the underworld  
Dominions where darkness rules  
The million minions of Beelzebub  
Consuming me from within

[Solo: Peson]

The inferno of the underworld  
Dominions where darkness rules  
The million minions of Beelzebub  
Consuming me from within
