

Come on Down

Moonshine Bandits

Come on down crack another one open
We bout to get a good time going
This old town will keep a party rolling
All night long
So come on down, no it ain't too late yet
That sun'll come up but it ain't yet
Bring a little hell where hell be raised at
Come on
Come on down

Fire up the barbecue, circle up the trucks
Got a keg of bud light, go and fill you up a cup
It's a small town underdog, party in the parking lot
We gon' show our pride till the cops make the party stop
This is for the mom and pop shops that were lost
All the farmers talking crops at the local coffee shop
It's been a hard year but it looks like we made it
So come on down, bring some hell, let's raise it

Come on down crack another one open
We bout to get a good time going
This old town will keep a party rolling
All night long
So come on down, no it ain't too late yet
That sun'll come up but it ain't yet
Bring a little hell where hell be raised at
Come on
Come on down

Bull fight tractor pull, meet me at the fare
We can hit the beer barn, start the party over there
Friday night lights, doing donuts in a step side
You're funny if you think there ain't country on the west side
Party at the pit down on Pioneer road
Got a truck full of pallets and a pocket full of smoke
Small town, local boy, looks like you made it
So come on down, bring some hell, let's raise it

Come on down crack another one open
We bout to get a good time going
This old town will keep a party rolling
All night long
So come on down, no it ain't too late yet
That sun'll come up but it ain't yet
Bring a little hell where hell be raised at
Come on
Come on down

Come on down crack another one open
We bout to get a good time going
This old town will keep a party rolling
All night long
So come on down, no it ain't too late yet
That sun'll come up but it ain't yet
Bring a little hell where hell be raised at
Come on
Come on down
