Gimme Your Love

Morcheeba

Close the door
Turn the light off
Switch your mind off
Make it right for me
Pull the blind door
Try to wind down
Take the liberty

And then you'll see Our love's here to last Make it right for me And then you'll see Our love's here to last

We're gonna feel alive Come and gimme your love Gimme your love (3x)

We're gonna feel alive Come and gimme your love

Come on back for more
Take your time now
Or do it right now
Make this night for me
And if we like it
We won't fight it
Take the liberty
And then you'll see
Our loves here to last
Make it right for me
And then you'll see
Our loves here to last

We're gonna feel alive Come and gimme your love Gimme your love (4x)

Whoa Say it all Play it all Give it all Get it all Whoa Sway whit me Play with me Stay with me Lay with me Whoa Say it all Play it all Give it all Get it all Whoa
