

## Part of the Process

Morcheeba

Angry faces, cursing loud,  
Changing places, falling proud  
Behind the bomb, no one cares,  
Time is money  
We're taught to tear

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

How can we show, how to feel  
Situation ain't so real  
Chopping wood won't stop the rage  
We need targets on war we wage

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

You smash they grab 'til it's gone  
Attempt to grow and fix undone  
And I am the way it's all to scale  
We're all companions on which we sail

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance
