

# The Sea

Morcheeba

Emi A7 Emi A7

Emi A7

Flocking to the sea

Emi A7

Crowds of people wait for me

Emi A7

Sea gulls scavenge Steal ice cream

Emi A7

Worries vanish Within my dream

E A G D E

I left my soul there, Down by the sea,

A G D E

I lost control here Living free.

Fishing boats sail past the shore

No singing may-day any more

The sun is shining

The Water's clear

Just you and I walk along the pier

I left my soul there,

Down by the sea

I lost control here

Living free

I left my soul there,

Down by the sea

I lost control here

Living free

A cool breeze flows but mind the wasp

Some get stung it's worth the cost

I'd love to stay

The city calls me home

More hassles fuss and lies on the phone

I left my soul there,

Down by the sea

I lost control here

Living free

I left my soul there,

Down by the sea

I lost control here

Living free

I left my soul there,

Down by the sea

I lost control here

Living free

I left my soul there,

Down by the sea

I lost control with you,

And living, living,

And I, living, by the sea
