

Beach and Country

Morgan Heritage

La-da-da-da-da-da
La-da-da-da-da-da
Awwwww-yeah
Somewhere out there
Somewhere out there
Somewhere out there
Yeah

I wake up to my favorite song on the radio
In my little cottage on the beach
I know someone somewhere is doing the same thing
On some island looking over the seas
It's the same waking up on the countryside
Some much tranquility and peace
Sweet little birds singing songs in the country
Seagulls singing songs on the beach

Now tell me where can you find this vibe all the time only, only (only)

I tell you this vibe (this vibe)
This lovely vibe (this vibe)
This is the vibe on the beach side (on the beach side)
I tell you this vibe (this vibe)
This lovely vibe (this vibe)
This is the vibe on the countryside (on the countryside)
Yeah, so when you wanna get away from (when you wanna get away from)
The city and the matrix
And you wanna have a little fun (and you wanna have a little fun)
Just take it to the beach or the countryside (beach or the countryside)

Yeah
When I think of sunshine
I'm always ready to go yeah
Go to the beach side or trod down the country road
When the stars all come out at night
Their beauty it lights up your soul (yeah)
Putting you in the mood for love like never before

I tell you this vibe (this vibe)
This lovely vibe (this vibe)
This is the vibe on the beach side (on the beach side)
I tell you this vibe (this vibe)
This lovely vibe (this vibe)
This is the vibe on the countryside (on the countryside)
Yeah, so when you wanna get away from (when you wanna get away from)
The city and the matrix
And you wanna have a little fun (and you wanna have a little fun)
Just take it to the beach or the countryside (beach or the countryside)

When I walk across the sand into the water
I feel all my energy flow
Becoming one with Mother Nature
This is how life's meant to go
In the country we fall in love with the morning mist
And the sun breaking through the morning clouds
While the bird are singing songs so sweet (so sweet)
And seagulls singing songs on the beach (yeah)

Now tell me where can you find this vibe all the time only, only (only)

I tell you this vibe (this vibe)

This lovely vibe (this vibe)

This is the vibe on the beach side (on the beach side)
