All when the rain a fall the ground still tough  
How mama earth a tell wi things rough  
Now tell me if you see it like me  
The words they speak are not true on TV  
How can things be getting better when so much people still a suffer?

Dem seh things a get better but we can't see it  
Cyaa see it wi cyaa  
Dem seh money a run right yah now but pocket still a feel it  
Still a feel it  
Cyaa sleep a night because wi stress out  
Every month landlord talk bout kick out  
Because ends nah meet  
People a end up pon street  
Change is what we need

Tell me if you going through this  
Working hard day an' night  
An still cyaa live a good life  
Tell me if you going through this  
The money weh yo meck done before it reach yo hand mi friend  
Tell mi fi you going through this  
No have no money fi gas star  
So yo cyaa too drive yo car  
Tell mi fi you going through this  
Every day yo wonder if no better life no deh, deh fi yo

Tell mi if you going through this  
Working up overtime an still cyaa pay yo bills pon time  
Tell me if you going through this  
The work you work so hard, still cyaa feed the youth dem a yo yard  
Tell me if you going through this  
Tears run from yo eye when you look over yo life at night  
Are you going through this

So many time you are on your last dime  
People see you smile don't know what you going through inside yea
