

Hail Rastafari

Morgan Heritage

Go down, wicked man go down
Satan go down, Satan go down (Satan go down)
Let Jah's word be praised

Dem nuh love when we hail Rastafaria
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I
Satan nuh love when we hail Rastafari
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I

What would we be (What would we be)
If his blessings wasn't upon we... Woe
Where would we be (Where would we be)
Without the guidance of our God and King
How would we live (How would we live)
If the King of Kings did not teach his righteous livity
Hail my God and King, for I would want the lyrics chant his name continually

Dem nuh love when we hail Rastafaria
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I
Dem nuh love when we hail Rastafari
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I

Be wise (Be wise)
With the words from your mouth, concerning the king
Be wise (Be wise)
Rastafari rules and reigns over all living Kings
They waste their time and speak of God of the dead
We live our lives and speak of God in the flesh
Haile I Selassie I, power of the Trinity, The Most High

Satan nuh love when we hail Rastafaria
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I

We will continue to say, Haile Selassie I
Oh yeah, glorify his name (Glorify his name)

Dem nuh love when we hail Rastafaria
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I
Dem nuh love when we hail Rastafari
A so we hail di black king as the most high
They trust in King James, we trust in in the King's name
Haile Selassie I (Haile, Haile, Haile, Haile, Haile)

What would we be (What would we be)
If his blessings wasn't upon we... Woe

Where would we be (Where would we be)
Without the guidance of our God and King
How would we live (How would we live)
If the King of Kings did not teach his righteous livity
Glorify the name of the King, exhault his name continually
