

I'm Coming Home

Morgan Heritage

I'm coming home baby just hold on...

Yeah...

I'm coming home, yeah

There was a time when all I wanted to do
Was the only things that mattered to me, yeah
But when a man and a woman builds their home
A man's gotta do what his family needs him to do

When I come home everything should be all right
So mammy hold on everything will be just fine
So when I'm coming everything should be all right
So baby hold on everything will be just fine

Sad I know you I know you miss the day
And I know the children too
So many times I'm not far away
It's not a few that carry me through the day
It's not easy for a man to live this way
But I do that why I pray

When I come home everything should be all right
So mammy hold on everything will be just fine
So when I'm coming everything should be all right
So baby hold on everything will be just fine, yeah

Hold on
Hold on
You've got to hold on
You just tell her hold on
Eh

When I come home everything should be all right
So mammy hold on everything will be just fine
So when I'm coming everything should be all right
So baby hold on everything will be just fine, yeah
