

# Judge Not

Morgan Heritage

Ey yo  
Take a look around you, take a look inside you  
Take a look at the things happening day to day  
It's crazy  
Ey yo, ey yo, ey yo, judge not  
Cause in the last days the righteous shall be righteous still  
And the wickedness of men manifest will come back in time to test  
To see and prove all those that hold onto Jah bless and see [?]

Judge not, let the righteous be righteous still, let Jah manifest his will  
Judge not, let the unjust be unjust still, let Jah manifest his will  
Judge not, let the holy be holy still, let Jah manifest his will  
Judge not, let the filthy be filthy still

Judge not least ye be judged my friend  
Leave all judgment onto Jah we say  
For who is man to play God?  
We're as filthy as the dust from whence we came  
We're like the green grass today and tomorrow we fade away

Judge not, let the righteous be righteous still, let Jah manifest his will  
Judge not, let the unjust be unjust still, let Jah manifest his will  
Judge not, let the holy be holy still, let Jah manifest his will  
Judge not, let the filthy be filthy still

Behold Jah comes quickly with his reward my friend  
To give every man according to his works shall bear  
He's alpha and omega, first and last, beginning and the end we say  
Know that Jah is the creator of man, and all judgment dun rest in his hand, yeah

Judge not, let the righteous be righteous still, let Jah manifest his will  
Judge not, let the unjust be unjust still, let Jah manifest his will  
Judge not, let the holy be holy still, let Jah manifest his will  
Judge not, let the filthy be filthy still

[?]

Judge not, let the righteous be righteous still, let Jah manifest his will  
Judge not, let the unjust be unjust still, let Jah manifest his will  
Judge not, let the holy be holy still, let Jah manifest his will  
Judge not, let the filthy be filthy still
