

# One Family

Morgan Heritage

Oh yeah  
Yeah yeah yeah  
Yeah yeah yeah  
Family family  
That's what we are  
Family family  
That's what we are

Hey family what's going on  
How are you today  
When I see you not smiling  
It makes me feel away  
Your pain is my pain  
So I can't relax  
Till I see you happy  
Smiling everyday  
Because

I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family  
I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family

Listen Ziggy now  
Alright

Things and times will change  
Yet I-n-I remain the same (I-n-I remain the same)  
We are one from creation  
Love is our foundation yeah  
Now now look brother man  
Who's that man in the mirror you see  
I feel for you I feel for me  
There comes a time where we're all in need (all in need yeah)

So I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family  
I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family

There's no greater deed  
Than to help out someone in need  
The way of family  
Is to share love with everyone we meet  
Ah so Jah say yeah yeah

Ah so Jah say yeah  
Tell them Stephen Ragga Marley

Now encase you never know  
Say blood is thicker than water  
Share with you the pain  
So now we share with you the laughter  
I would never make a penny  
Steer me from the path yah  
Divided we will fall  
But together we will conquer

Unity is strength  
And so a that we always stand for  
Brothers and my sisters  
Unto Jah we haffi answer  
Always by your side  
If you're the singer I'm the dancer  
Never leave you out

I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family  
I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family

So I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family  
I have faith in you (I have faith)  
You have faith in me (You have faith)  
Our love and care  
Our unity makes us  
All one family
