

Safe Till Tomorrow

Morgan Page

Get in your car
Why don't you come with me in the night?
Pick up the weight of your shoulders
It's just you and me tonight

And everything you see, why don't you set it free
Cause when you close your eyes, you'll feel me by your side

Follow me inside your head
We're letting go of everything they ever said
Forget the world outside our covers
We're safe 'til tomorrow
Forget the world outside our covers
We're safe 'til tomorrow

Safe 'til tomorrow, safe 'til tomorrow
Safe 'til tomorrow, safe 'til tomorrow

I know our peace may not be permanent
But we're here for now
So I'll breathe you in, keep you with me
Cause you always give me life

And everything you see, why don't you set it free
Cause when you close your eyes, you'll feel me by your side

Follow me inside your head
We're letting go of everything they ever said
Forget the world outside our covers
We're safe 'til tomorrow
Forget the world outside our covers
We're safe 'til tomorrow

Safe 'til tomorrow, safe 'til tomorrow
Safe 'til tomorrow, safe 'til tomorrow

Follow me inside your head
We're letting go of everything they ever said
Forget the world outside our covers
We're safe 'til tomorrow
Forget the world outside our covers
We're safe 'til tomorrow

Safe 'til tomorrow, safe 'til tomorrow
Safe 'til tomorrow, safe 'til tomorrow
