Our rising has seen  
The end to false diversity  
Salvation in norms  
To which all now will conform

They were searching for answers, we gave them the key  
Showed them a way to be free

ALL FOR ONE - Like shepherd and sheep

ALL IS WELL - Feel it flow through your veins

The all-seeing eye, protects you well up in the sky  
There's nothing to fight, as long as we lead the...

Light, lead the light  
In labour you pay to the saviour who gave you...  
Light, lead the light  
Your minds are kept clean, as fuel to the power machine
