

That's My Tune

Morningwood

I'm ridin on the bus
Sittin with my girlfriends
Starin at my phone
But it's not ringin
It don't bother us cuz we know how its working
Everywhere we go we'll be bringing it

Somebody dial my numba now
Somebody in the back
I raise my hand and play it loud
Cuz it's my favorite track
Let it ring now, don't you pick it up
Don't stop that's my tune
That's my thing man, you can turn it up
Don't stop that's my tune

I'm sittin in my class
Teacher's in the bathroom
Boom, I'm going up
We all start movin
We gotta do it fast
Cuz she'll be comin back soon
I can't get enough
I got no discipline

Somebody dial my numba now
Somebody in the back
I raise my hand and play it loud
Cuz it's my favorite track
Let it ring now, don't you pick it up
Don't stop that's my tune
That's my thing man, you can turn it up
Don't stop that's my tune

Boy, leave a message
Cuz I'm not pickin up, no I'm not pickin up
So please leave a message
After the beep now after the beep

Boy, leave a message
As I dance to the beat as I dance to the beat
Cuz everywhere I go
I still bring it

Let it ring now, don't you pick it up
Don't stop that's my tune
That's my thing man, you can turn it up
Don't stop that's my tune

Let it ring now, don't you pick it up
Don't stop that's my tune
That's my thing man, you can turn it up
Don't stop that's my tune
