Diamonds

Moroder Giorgio

Cut out with scissors made of starlight it is Alright cause you're glowing through the limelight now it's Hold tight we collide into the satellite Heart right yeah we're sleeping with the city tonight

This tastes like We love like

On my hand, on my head, on my chest I'm dressed up like a girl's best friend In my heart, in my room, in my bed You're shining like you're one of them Oh oh

Lost in your spectrum and your colors you are Alright no you're nothing like the other's but it's Don't touch when you're laced up in the velvet rope I melt when you kiss me yeah you cling to my throat

This tastes like We love like

On my hand, on my head, on my chest I'm dressed up like a girl's best friend In my heart, in my room, in my bed You're shining like you're one of them Oh oh

Yeah you're shining like the cartier You're the rough cut boy at the party babe I heard you cost a million dollars by the champagne you swallow You'll be icing out my pockets wave

100% carbon shape up Straight up Crystals in the garden We love like

On my hand, on my head, on my chest I'm dressed up like a girl's best friend In my heart, in my room, in my bed You're shining like you're one of them Oh you're like [x2]
