

# Deadman Walking

## Mortal Sin

The symptoms are showing  
Diseases are growing  
Psychosis is playing on your mind  
Your skin cells are shedding  
Bacteria is spreading  
It's warfare so kill the mastermind

Can you hear the warning?  
Can you hear the warning?  
Can you hear the warning ☐ this time?

Humankind never heeds the warning  
Realise that the day is dawning  
Outside - the dogs are talking  
Outside ☐ A dead man walking

There's no use in praying  
Your sanity is fraying  
You know there's no chance to find a cure  
The Government is lying  
While millions lay dying  
Your future has not quite been assured

Can you hear the warning?  
Can you hear the warning?  
Can you hear the warning ☐ this time?

Humankind never heeds the warning  
Realise that the day is dawning  
Outside the dogs are talking  
Outside A dead man walking

Humankind never heeds the warning  
Realise that the day is dawning  
Outside - The dogs are talking  
Outside ☐ A dead man walking

Deadman ☐ walk the earth  
Deadman ☐ walk the earth  
Deadman ☐ walk the earth  
Deadman ☐ walk the earth  
They got their eyes on you
