Hatred

A thousand years of hatred A billion lives are lost Victims of a brutal holocaust Burning through the embers Whip you like a slave Watch the generals dancing on your grave Hatred Hatred Hatred Hatred Hunting all the racists Throw them in the fire Show them all the truths of their desire Shooting all the husbands Raping all their wives Watch the children running for their lives Hatred Hatred Hatred Hatred Hatred breeds when people fill their needs Hatred breeds when people pay their deeds Hatred breeds when people face their greed Hatred breeds when people plant the seed Raising up a white flag Surrender to the hate Watch the victims closing on their fate Marching to their graveyard Walking on the dead Hatred is addiction born & bred
