

# The Price Of Peace

## Mortal Sin

Recollection of the past, destiny is falling  
History ignored again as the war machine is calling  
Strategy and diplomacy now apart as black and white  
Armageddon final warning by the sword to live and die

The innocent will pay the price of peace  
Sanity restrained again to reach a price of peace  
The tyrant survives, the innocent burn, is this the price of peace ?  
Environmental nightmare, the price of peace

Hostage to a world insane, bureaucracy will make your mind  
Prisoner of innocence can't break free, their hands are tied  
Hostage soldier broken man, all is fair in love and war, ha !  
Pain and suffering to the world, won't somebody heed the call ?

The innocent will pay the price of peace  
Sanity restrained again to reach a price of peace  
Environmental nightmare, is this the price of peace ?  
The innocent will pay the price of peace, no !

People's lives, the pain to pay  
No relief could wash away  
Indignity forced, lives decay  
The price of peace too high to pay  
The innocent will pay the price of peace  
Sanity restrained again to reach a price of peace  
Broken dreams are all I see, is this the price of peace ?  
Environmental nightmare

No means to justify an end, all a dream of yesterday  
Level it all to the ground and build it up again  
Shattered dreams are all I see, the sky, a blackened haze  
Lessons will we ever learn, the price of peace these days ?

The innocent will pay  
Sanity stripped away  
Is this the only way ?  
Human lives decay

Time is now, what is the price of peace ?
