

Stab

Mortician

Night of terror
Brutal Murder
Psycho killers
Endless Slaughter
Eviscerated
Throats will be slit
Cut, chopped and hacked
Stabbed in the back
Calls of terror
Game of horror
Fuck up, you die
Gutted alive
Savage killing
Mutilating
Carving the flesh
Blood-spattered death
Screaming for help
No one will come
Knife blade flashing
Your life will end
Corpse strung up
Throat is cut open
Disemboweled
Guts spilling out
One more still left
Knife tears the flesh
White mask of death
Takes your last breath
