

# The Dead Pit

**Mortician**

Asylum of the insane  
Experiments on the deranged  
Killed, sealed in the cellar  
Surgeon seeks his revenge

Twenty years have passed  
Breaking out at last  
Zombies come to kill  
Mortal blood will spill

Zombie, army, rotting, bodies  
Master, surgeon, commands, the dead

Needles in the eyes  
Severed heads now fly  
Lacerated face  
Scooped out fresh brains

Bloody, carnage, human, slaughter  
Undead, rampage, blood fills, the halls
