

Calm Me Down

Mother Mother

Calm me down
Calm me down
I'm inside out and upside down
Hold my head in your hands
To calm me down
Get it out

Get it out, oh oh
Get it out
Use your teeth and your mouth
Cut in me to pull it out
Oh no, I'm aroused now
I'm aroused
You better calm me down
Oh, calm me down
Use your teeth and your mouth

Use your body
Use it to put me to sleep
Your body, ooh
Soothe my soul
So beautiful

All my life, oh oh
All my life
I hurt myself and cut myself
Put myself through living hell
All so I could feel what I felt
When you took me in
Absolve my sins
With your flesh and skin
Use your skin

Use your body
Use it to put me to sleep
Your body, ooh

Soothe my soul
So beautiful

Calm me down
Baby
Your teeth, your mouth, and me
Happily
Married
Baby
Calm me right down

Use your body
Use it to put me to sleep
Your body, ooh

Use your body
Use it to put me to sleep
Your body, ooh

Soothe my soul

So beautiful

I wanna be a good man
Don't wanna be no husband
I wanna be a reverend
Don't wanna break what I can
I wanna be a sweet son
Don't wanna fight with my mom
Don't wanna be no seeker
I wanna scream eureka
I wanna scream eureka
I wanna scream eureka
Ahhh
