

# No Culture

**Mother Mother**

Hey alright  
Hey alright

I am a vulture, I fly-y-y  
I make a circle above your culture  
I got no culture of mine

I am piranha, I bite-e-e  
I make a supper outta your culture  
I got no culture

And I'm like a kid in a candy store  
Taking all the toffee that I don't ask for, yeah  
I'm like a bull in a china shop  
Knocking off a knock-off  
'Cause I got no culture  
I got no culture of mine

So can we let sleeping dogs lie  
'Cause everyone believes me when I say it's mine  
A little wool over the eyes  
'Cause everyone believes me when I-

I want to love ya, I want to make ya mine  
We make a child outta your culture  
It got no culture

And I'm like a kid in a candy store  
Taking all the toffee that I don't ask for, yeah  
I'm like a bull in a china shop  
Knocking off a knock-off  
'Cause I got no culture  
I got no culture of mine

So can we let sleeping dogs lie  
'Cause everyone believes me when I say it's mine  
A little wool over the eyes  
'Cause everyone believes me when I say it's fine  
Can we let sleeping dogs lie  
'Cause everyone believes me when I-

No culture I got no culture  
No culture I got no culture  
No culture I got no culture  
No culture I got no culture

I'm like a kid in a candy store  
(No culture I got no culture)  
Taking all the toffee that I don't ask for, yeah  
(No culture I got no culture)  
I'm like a bull in a china shop  
(No culture I got no culture)  
Knocking off a knock-off  
(No culture I got no culture)  
'Cause I got no culture  
I got no culture  
I got no culture of mine

So can we let sleeping dogs lie  
'Cause everyone believes me when I say it's mine  
A little wool over the eyes  
'Cause everyone believes me when I say it's fine  
(No culture I got no culture)  
Can we let sleeping dogs lie  
(No culture I got no culture)  
'Cause everyone believes me when it's mine  
(No culture I got no culture)  
A little wool over the eyes  
(No culture I got no culture)  
'Cause everyone believes me when I-

No culture I got no culture  
No culture I got no culture  
No culture I got no culture  
No culture I got no culture  
No culture I got no culture  
No culture I got no culture
