

Hatefuck

Motionless in White

I am an architect of difference, you are just a hole
Oh how I love to hear you beckon and stripped to the bone
But when I come around I come inside and just leave
Because if I had a heart I wouldn't wear it on my fucking sleeve

You know you love it when we "oh oh oh"
I want it dirty, with the lights on, filthy, vile, and obscene
I wanna show you what a bitch I can be

You are an architect of ignorance, with nothing for a soul
Now I'm the only thing inside of you, that you cannot control
And when I'm through with you I'll just move on to the next
Because I packaged it with love but I just used you for the...breath

You know you love it when we "oh oh oh"
I want it dirty, with the lights on, filthy, vile, and obscene
I wanna show you what a bitch I can be

Hate fuck, Hate fuck ,
My little hate fuck, my little hate fuck
Hate fuck, Hate fuck ,
My little hate fuck, my little hate fuck

I am an architect of difference, you are just a hole
Now I'm the only thing inside of you, that you cannot control
And when I'm through with you I'll just move on to the next

You know you love it when we "oh oh oh"
I want it dirty, with the lights on, filthy, vile, and obscene
I wanna show you what a bitch I can be

I fucking love it when we ugh ugh ugh
I want it dirty with the lights off, cumming apart at the seams
I want you to show me what a bitch you can be
