

# Headache

## Motionless in White

Some days I'm narcissistic  
Some days I'm in my way  
Some days I try to speak with pins and needles in my brain  
Some days I feel sadistic a portrait of my pain  
Some days I live in fear that I am every fucking thing I hate

Shut up, shut up, shut up, shut up  
Shut up, shut up, shut up!  
Shut up, shut up, shut up, shut up  
Shut up, shut up, shut up!  
You follow me down under the skin I indulge  
Feeding the flies in your mouth through my eyes  
I know that I'm gonna be fine

Some days I feel addictive  
Some days I feel alone  
Some days I fear the worst in me is the best you'll ever know  
Some days I feel the static with every word I know  
Some days I feel like I just want to slit a motherfucker's throat

Shut up, shut up, shut up, shut up  
Shut up, shut up, shut up!  
Shut up, shut up, shut up, shut up  
Shut up, shut up, shut up!  
You follow me down under the skin I indulge  
Feeding the flies in my mouth through my eyes  
Oh god am I gonna be fine  
I swallow the pain selling my sorrow for shame  
Sanity circles the train with a smile  
I know that I'm gonna be fine

I know that I'm gonna be fine  
I know that I'm gonna be fine  
I know that I'm gonna be fine  
Oh god am I gonna be fine  
Bright lights am I dead or alive  
So insane I'm losing my mind  
I made a deal with the devil inside  
Oh god I'm gonna be fine

(Go)  
Shut up, shut up, shut up, shut up (Go)  
Shut up, shut up, shut up! (Go)  
Shut up, shut up, shut up, shut up (Go)  
Shut up, shut up, shut up! (Go)  
Decay  
You follow me down under the skin I indulge  
Feeding the flies in my mouth through my eyes  
I know that I'm gonna be fine  
I swallow the pain selling my sorrow for shame  
Sanity circles the train with a smile  
I said that I'm gonna be fine
