E5
I am the one, Orgasmatron, the outstretched grasping hand
E5
My image is of agony, my servants rape the land
Obsequious and arrogant, clandestine and vain
Two thousand years of misery, of torture in my name
                          F#5
Hypocrisy made paramount, paranoia the law
                            C5
                                                   E5
My name is called religion, sadistic, sacred whore
E5
I twist the truth, I rule the world, my crown is called deceit
I am the emperor of lies, you grovel at my feet
A5
I rob you and I slaughter you, your downfall is my gain
And still you play the sycophant and rebel in your pain
C#5
                               F#5
And all my promisses are lies, all my love is hate
                     C5
                           D5
I am the politician, and I decide your fate
E5
I march before a martyred world, an army for the fight
I speak of great heroic days, of victory and might
A5
I hold a banner drenched in blood, I urge you to be brave
I lead you to your destiny, I lead you to your grave
                                  F#5
Your bones will build my palaces, your eyes will stud my crown
E5
                              C5
                                    D5
For I am Mars the god of war, and I will cut you down.
