

# Drive Me Crazy

Motorband

Drive me crazy  
as far as you can tell  
Let me make a love baby  
or you can go to hell  
Trust my, honey  
every single day  
If every night you'll make it  
morning you can stay

You wanna carry on  
you wanna carry on  
I'm blinded, lonely one  
you wanna carry on

I'm blinded down alone  
I'm blinded down alone  
I'm blinded down alone

High time baby  
it's where I'll be your male  
Every night you'll make it  
and morning once again  
Trust me, honey  
every single day  
If every night you'll shake me  
morning you can stay

You wanna carry on  
you wanna carry on  
I'm bloody lonely one  
you wanna carry on

I'm blinded down alone  
I'm blinded down alone  
I'm blinded down alone  
I'm blinded down alone  
I'm blinded down alone  
I'm blinded down alone
