

Close your Eyes

Motorpsycho

To say it once again may make it seem
that all we had was nothing but a dream
Please say that it's all over, help me perceive
that all it ever was, was make believe

Dream, close your eyes and dream girl
Dream, close your eyes and dream of how it used to feel
Was it ever really quite real

Dream, close your eyes and dream girl
Dream, close your eyes and dream of how it used to feel
Was it ever really quite real
