

pull the trigger,pull the trigger,pull the trigger see  
the eyes go blind  
push him further,a lil' further,push him, watch him snap  
and lose his mind  
glow - I'd give my soul to glow  
glow - I'd give my soul to glow like you

I'm a liar,just a liar,but sometimes all the words are  
true  
and I'll steal you,mend and heal you ,wash your eyes and  
help you see anew  
glow - I'd give my soul to glow  
glow - I'd give my soul to glow like you

and see myself in every move  
and hear myself in every groove

glow - I'd give my soul to glow  
glow - I'd give my soul to glow  
glow - I'd give my soul to glow  
glow - I'd give my soul to glow  
glow - I'd give my soul to glow.....

see myself in every move  
hear myself in every groove
