

11 days so far this week  
I've been locked up in my cage  
too far too soon to get the mail  
you maybe sent to me  
I still listen at the door  
when I hear someone outside  
to hear that knock of yours  
would really knock me off my feet

I never dreamed that it could hurt so much  
thought that I could care so much  
hoped that you would stay so much  
and never slide away.....

would you talk to me again  
if I told you how it hurt  
to see you slide away and fade away  
and die away from me  
would you look at me and laugh  
if I told you that I miss you  
and I wish you would come back again  
and stay this time

Chorus

I'll be back in a day ,you said  
but you're not coming back anyway  
you crush me like an ant beneath your heels  
cos you just don't know how it feels.....

There's no way you could relate  
cos I know that all you hate  
is found within the doors  
that seperate the world and me  
Junior's wailing behind walls  
that are built by clarion calls  
to change the way you feel,  
the way think and how you are

Chorus

Bridge
