

3 Days Magic

moumoon

Are you tricking me, 3 days magic?
Are you tricking me into falling in love?
Are you tricking me, 3 days magic?
Magic, your trick, terrific...

Fabulous!
Your surprising gentleness
Is heading right towards
My strike zone!
My first impression:
God, you're so hot

Frivolous!
Before I knew it, our eyes met;
I nonchalantly say hello;
I want to get a little closer to you
On the second night.

I touched your right hand --
Tell me what you wanna do:
I wanna...Let you know that I'm so into you.
Today's our third day together --
Tell you what I really want:
I wanna...now we're really getting started!

(I don't know how...)
You got me, 3 day magic! --
I feel like I'm really falling in love...
(I realize now...)
You got me, 3 day magic --
Uh-huh!

(I don't know how...)
You got me, 3 day magic! --
If you could see what you're doing to my heart...
(I realize now...)
You got me, 3 day magic --
Uh-huh!

The moratorium
That kept flowers from blooming
Looks like it's falling apart...

This is where it gets dangerous!
The emotions reflecting through
Behind my eyes are
Breakin' out, breakin' out;
I know you'll see right through.

Before I turn my eyes away --
Tell me what you wanna do:
I wanna...Let you know that I'm so into you.
Come closer with confidence --
Tell you what I really want, I wanna:
In other words, it's already begun!

(I don't know how...)

You got me, 3 day magic! --
Don't stop...
(I realize now...)
You got me, 3 day magic --
Uh-huh!

(I don't know how...)
You got me, 3 day magic! --
Don't hide your feelings...
(I realize now...)
You got me, 3 day magic --
Uh-huh!

You are the first to shake my heart;
You are the last to kiss me so;
You are the best at hangin' out with.
You are the first to touch my heart;
You are the last to love me so;
You are the best to make me smile.

You are the first to shake my heart;
You are the last to kiss me so;
You are the best at hangin' out with.
You are the first to touch my heart;
You are the last to love me so;
You are the best to make me smile...
You're the one...

Are you tricking me, 3 day magic?
Are you tricking me into falling in love?
Are you tricking me, 3 days magic?
Magic, your trick, terrific...

(I don't know how...)
You got me, 3 day magic! --

Uh-huh!

(I don't know how...)

Don't stop...
(I realize now...)

Uh-huh!

Are you tricking me, 3 day magic?
Are you tricking me into falling in love?
Are you tricking me, 3 days magic?
