

Fight Back

moumoon

There's a battle field
Everywhere we go
There's a battle field
We will survive this world
This can't end here
This can't end here with you
□□□□□□□□□□

Unchain our heart
Sing how we feel
It took so long
Now we are ready
It's time to fight back
We're the resisters
(We're the resisters)
□□□□□

It's time to fight back
(fight back)
We close our eyes
Under the sunset(sunset)
We will survive this world
Never surrender(surrender)

Here is a battle field
This time we chose
to take a big leap
Don't just sit back and hold
This can't end here
This can't end here with you
□□□□□□□□□□

Just let them say
What's right and wrong
Doesn't matter
We'll go faster
It's time to fight back
We're the resisters
(We're the resisters)
□□□□□

It's time to fight back
(fight back)
We close our eyes

Under the sunset(sunset)
We will survive this world
Never surrender(surrender)
With this wounded heart
Something comes to mind
This is the only thing
I can hold on to
This melody could be
the only remedy
I would die to keep this tone
echoing

Now we are ready
It's time to fight back
We're the resisters
(We're the resisters)

□□□□□□

It's time to fight back

(fight back)

We close our eyes

Under the sunset(sunset)

We will survive this world

Never surrender(surrender)

It's time to fight back

We're the resisters

(We're the resisters)

□□□□□□

It's time to move on(move on)

We close our eyes

Under the sunset(sunset)

We will survive this world

Never surrender(surrender)
