

I Still Believe

Moya Brennan

This time of year is happy, but hard
'Cause you're not here
I see your face now still in my heart
But you're not here

Can I be strong now?
But I still believe in Christmas
I still believe in Christmas

I close my eyes, these beautiful dreams
When you were here
Hand in hand, I know what it means
But you're not here

Can I be strong now?
But I still believe in Christmas
I still believe in Christmas

Can I be strong now?
But I still believe in Christmas

Can I be strong now?
But I still believe in Christmas
I still believe in Christmas
