

Bungle Grind

Mr. Bungle

Waiting in the blinding light
For someone to save your soul
Ignorance is your excuse
For hating things you don't control

Must believe what you believe
Exiled into normalcy
Perfect penis in my pants
Can't escape your apathy

Prisoners of that blinding light
Exiles of their hope
Motherfuckers now be creaming
There's no future, life's a joke

Kill my dick, leave my balls behind
Not afraid of what I'll find
Heaven and hell, naked penis
I just wanna do the bungle grind...

Life is a fucking joke!
Do the bungle grind!

Kill your dick and do the bungle grind
What's it like to rape my own mind?
Cut your balls and leave your prick behind
End your life and do the bungle grind...

Waiting in the blinding light
For someone to save your soul
Ignorance is your excuse
For hating things you don't control

Must believe what you believe
Exiled into normalcy
Perfect penis in my pants
Can't escape your apathy

Life is a fucking joke!
Do the bungle grind!

Kill your dick and do the bungle grind
What's it like to rape my own mind?
Cut your balls and leave your prick behind
End your life and do the bungle grind!
