

## Loss of Control

Mr. Bungle

Mayday!

I checked it out. I think you ought to know  
I'm only wastin' time. I think I'd better go  
You way too civilized. Oh

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Baby, I checked it out. I think you ought to know  
I'm only wastin' time. I think I'd better go  
You way too civilized. Oh

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Loss of control, loss of control, loss of control!

Baby, I checked it out. I think you ought to know  
I'm only wastin' time. I think I'd better go  
You way too civilized. Oh

Loss of control, loss of control, loss of control!
