

## What Do We Do Now?

Mr Hudson

I build you the Taj Mahal  
You still act casual  
Everything is beautiful  
And somehow it's a funeral  
Sacrifices that I made  
Everything was paid for  
So how'd I end up feeling played?  
Paper cuts are painful

What do we do now?  
Time is running out  
What do we do now?  
I'm still on your side  
And I'm not giving up this easy, oh no  
Two good years what a waste of time  
What do we do now?  
What do we do now?

Took a slice of my heart  
Drove off in my Jaguar  
Running round with some bloke in the clothes I bought  
Until he gets bored of you  
Don't give me sayonara  
Just give me cyanide  
Tearing my world apart  
Saying it's too late to talk

What do we do now?  
Time is running out  
What do we do now?  
I'm still on your side  
And I'm not giving up this easy, oh no  
Two good years what a waste of time  
What do we do now?  
What do we do now?
