

Jippijaeo

Mr. President

Here I am, I'm your fan, let's have some fun, dancing in the sun.

There you are, you're my star, jump in the car, let's get bizarre.

Take the chance and let us come together
and spend the night with me!

No no no no, don't you ever stop, take me to the top, here I am!

Yeah yeah yeah yeah, here and everywhere, we gonna make it there, you're my man

When we fall in love so true

Baby we don't need to feel blue

And we sing:

Bang bang bang bang, Jippijaeo

It's all right, hold me tight

All day and night, you look like dynamite

Your love is strong, We'd go on and on,

You can't be wrong, Come on sing this song

Take the chance and let us come together
And spend the night with me!

No no no no, don't you ever stop, take me to the top,

Yeah yeah yeah yeah, here and everywhere, we gonna make it there
