

I'm Right Here

Mr. Probz

Empty rooms
Looking at a photo with a kiss and a come home soon
I tried to play it cool, I could've fooled you
But it hurts a little more than it used to, It feels
Like I don't want to live and I don't want to die
I'm somewhere in the middle with an if and a why
Why do I try to keep myself asleep with a dream and a lie, but
You snooze you loose
Wait to long and it's all you do
(It's all you do, it's all you do)
And this I know
Something in your eyes said it's time to go, so go
(from this point on it's up to you)

If you love me, please forgive me
I'm right here
Please forgive me, please forgive me
I'm right here
If you love me, then don't leave me
I'm right here
Please forgive me, please forgive me
I'm right here

If you love me (love me)
I'm right here
I'm right here
I'm right here

I'm incomplete
Made my own bed with some cold sheets
Now I'm licking my wounds, slow retreat
But a cut don't heal when it's soul deep
I'll take the blame
Carry the whole weight but it's not the same
I never did learn what I'm supposed to do
So now I'm doing all I can to get close to you, but
Change who, I can try to be someone new, but you know me well
(and where we are is hard to tell)
I don't know
And something in your eyes said it's time to go, so go
(from this point on it's up to you)

If you love me, please forgive me
I'm right here
Please forgive me, please forgive me
I'm right here
If you love me, then don't leave me
I'm right here
Please forgive me, please forgive me
I'm right here

Love is a game we play
Love is a game we play
Love is a game we play
Love is a game we play
Love is a game we play
Love is a game we play

If you love me, then don't leave me
Please forgive me, please forgive me
