

# Runnin'

Mr. Probz

I don't know where I'm going  
One thing I know  
I'm not going back no more  
So I just keep on running  
I'll keep running  
Until I can't no more  
Until I can't no more

Travel with the speed of sound  
In something like a 747, it's like I'm on my way to heaven  
Eyes to the ground  
The wind pushing on my face through the clouds looking down  
But then my clock starts ringing, it was all dream  
Shit I don't know what it means  
The streets is cold and Karma's a real bitch yo  
I'm doing circles like I'm living in a fish bowl  
They say a shark drowns if it don't swim  
But it's like I'm on my way down and I can't win  
But I can't lose, I refuse  
Back on this grind, not enough time  
Spent on my knees, rose-bead crosses  
Trust me I know everything about losses  
Gone with the wind when the sky turns black  
Keep running, I ain't coming back

I don't know where I'm going  
One thing I know  
I'm not going back no more  
So I just keep on running  
I'll keep running  
Until I can't no more  
Until I can't no more

It's only one life to live up, probably the only reason I don't give up  
Got me putting my bid up, to get up  
The snakes I hear them slither  
I ran a hundred miles but I'm a man I never quiver  
Stand for whatever differ  
Me I'm talking to liquor, hoping it take the pain away  
My chain away, my brain away  
Fly like a plane away  
Yeah I gotta hold aces  
Stay away from those with two to four faces  
After the rain the sun shines, I'll get them at crunch time  
I'm never letting go when it's once mine  
It's so much more than a punch line it's really real  
Try to make it out with my people you know, really build  
Because my 9-to-5 ain't cutting it  
Praying to the genie in the bottle, drowning my sorrows and loving it  
My pride I'm never tucking it, getting chased by the government  
Born in the sky and I'm headed back to the mother ship

I don't know where I'm going  
One thing I know  
I'm not going back no more  
So I just keep on running  
I'll keep running

Until I can't no more  
Until I can't no more
