

## All Around And Away We Go

Mr Twin Sister

All around and away we go  
To find it again  
This is Earth, yours!  
Filling up your heart with hiss  
You've shown me kindness, and I felt Touch  
Resurrected, sharing white bread  
Under purple-blue blossoms  
I'm smiling for two

All around and away we go  
Keep it up and we'll win  
I'm knowing you, and this is love until the end  
Merry go round sends a wave of good humor  
Feel the power of my many destinies  
They'll all come true!
