

Running Out

Mudhoney

So you caught me flying by the seat of your pants
Everybody knows this might be our last chance
Time is running out, that ain't nothing new
Time is running out so let me run out with you
C'mon let's go
C'mon let's go
Time is running out,
That ain't nothing new,
Time is running out
At least I'm running out with you.

Gliding way up high above this vapid expanse
Looking for an ideal place for us to land
Beyond the horizon we will get another view
Time is running out so let me run out with you
C'mon let's go
Far from here
C'mon let's go
Far from here
Time is running out,
That ain't nothing new,
Time is running out
At least I'm running out with you
