

Sing This Song of Joy

Mudhoney

You always got what you wanted
Regardless of your need
At the expense of everybody else
Feeding endless aching greed

I sing this song of joy
I sing this song of joy
I sing this song of joy
I sing this song of joy

You laughed at all the damage
Caused by your recklessness
You always managed to come out on top
And never felt no consequence

I sing this song of joy
I sing this song of joy
I sing this song of joy
For all the girls and boys

The world was your
And man how you loved to shock
You twist that knife but deep inside
You had to know that you are fucked

I sing this song of joy
I sing this song of joy
I sing this song of joy
For all the girls and boys
Dancing on your grave
