

Tales of Terror

Mudhoney

Down on the ground, down on the floor
Crawling around, don't know what we're looking for
Get on your back, look at the sky
What are the stars telling us tonight?
What are they telling us tonight?

Go thru the door, look in the mirror
Is anything getting any clearer?
I'm at the mirror, I'm at the mirror
And I got no idea why I'm here
I got no idea why we're here
