

What to Do with the Neutral

Mudhoney

I took a step back and made an assessment
I took a long hard
Look at my life!
Gonna take a step forward and make an adjustment
It's hard time, I set things right!

Embrace the positive, reject the negative
But what about the neutral
She's neither here nor there!
What to do with the neutral?
It's not an easy problem!
What to do with the neutral?
It's not an easy problem!
Problem to solve!

I will say no to nothing, and yes to something
But I have no idea what that something should be!
Nothing from nothing, leaves nothing
I need Billy Preston to unlock this mystery!

Embrace the positive, reject the negative
But what about the neutral
She's neither here nor there!
What to do with the neutral?
It's not an easy problem!
What to do with the neutral?
It's not an easy problem!
Problem to solve!
