

## Dropped Out

Municipal Waste

Sick of alarms that wake me up  
I'm sick of school I hate the bus  
So fed up with all these daily things  
That teacher's push inside my brain  
I sit and close my eyes and count the seconds that go past  
Just to go home to some dumb asshole that wants to beat my ass  
DROPPED OUT --- DROPPED OUT  
A shitty day again  
My family sucks --- I got no friends  
I need a break -- a fast escape  
To drop out of the human race  
Fuck my school --- screw my work  
This town is sucking all I'm worth  
I need to fucking drop out man  
My backs against the wall!  
In a rut just can't tell --- if this is school or really hell  
I wanna fucking drop out man --- I wanna end it all  
Sick of alarms that wake me up  
I'm sick of school I hate the bus  
So fed up with all these daily things  
That teacher's push inside my brain  
DROPPED OUT --- DROPPED OUT
