

## Natural Pearl

### Murder by Death

Sterling silver, natural pearl  
You're your mother's little girl  
Sterling silver, natural pearl  
You are your father's only girl

Eat your mother's lunch and thank her  
Don't stay up too late with strangers  
Natural pearl, oh natural pearl  
Please don't leave our little world

Sprightly sounds of kicking feet  
Break the surface of the silv'ry deep  
Oh no, oh no  
Children are true gold

Sterling silver, natural pearl  
You're your mother's little girl  
Keep yourself away from danger  
Hide your luminance from strangers

Oh natural pearl, oh natural pearl  
Hiding here away from the world  
Sterling silver, natural pearl
